Education

Siksha 'O' Anusandhan (ITER), Bhubaneswar

- B.Tech(CSE) – CGPA: 7

2023 - 2027

(expected)

Jupiter Science Higher Secondary School (CHSE), Bhubaneswar

- Class XII — Science — 76%

2022 - 2023

Saraswati Vidya Mandir

- Class X — 84%

2020 - 2021

Summary

Full Stack Developer with hands-on experience building responsive web applications using React.js, Node.js, Express.js, FastAPI, MongoDB, and REST APIs. Completed a Web Development Internship and developed AI-powered projects integrating Machine Learning and cloud services.

Skills

C | Java | Python | Machine Learning | JavaScript | NodeJS | React | MongoDB | Blockchain | Solidity | MySQL | Git | ExpressJS | TailwindCSS | Postman | Rest APIs | Github

Work Experience

Pinnacle Labs — Web Development Intern

Jun'25 - Aug'25

- Developed responsive UI components using **React, HTML, CSS, TailwindCSS**.
- Integrated backend services using **REST APIs in Node.js**.
- Improved website performance and debugging efficiency.
- Used **Git/GitHub** for collaborative development and version control.

Projects

Mood Music Player

Feb'26

Tech: React, Express.js, Google Cloud YouTube API, TailwindCSS.

- Built a web-based music player that recommends songs based on user mood.
- Integrated **Google Cloud + YouTube API** for dynamic streaming.
- Designed responsive UI using TailwindCSS for better user experience.

PrepRadar – AI Placement Readiness Analyzer (Group Project)

June'26

Tech: React.js, FastAPI, Python, Machine Learning, Tailwind CSS, Recharts, Joblib, Vercel, Render

- Developed an AI-powered platform that evaluates students' placement readiness using Machine Learning.
- Built a responsive React.js frontend with dashboards, readiness scores, and skill visualizations.
- Integrated a FastAPI backend with a trained ML model for real-time predictions and company-specific readiness.
- Collaborated using Git/GitHub for frontend integration, API development, testing, and deployment.

Positions of Responsibility

- Contributed to frontend and backend implementation using React, Node.js, and REST APIs.
- Worked with peer developers to solve coding challenges and share technical knowledge.
- Team Collaborator – Peer technical learning group.
- Project Lead – Mood Music Player.
